

Bulb atomizers

Bulb atomizers

Our company develops and produces a large variety of bulb atomizers. We develop exclusive models for our customers and also offer a large range of standard items for all types of perfume bottles, either with screw neck or crimp neck, or for ground-in necks. We offer classic bulb atomizers as well as leakproof atomizers with “on<->off” mechanism.

Our website shows you a selection of our designs for some of the renowned brands in the perfume industry.
